Made in PRC

ELECTRO DEPOT, 1 route de Vendeville 59155 FACHES THUMESNIL - France

## 977495 - TTF 88 E W625C V1

|   |              |
|---|--------------|
| Energy Class:                               | E            |
| Rated Voltage(V)                            | 220-240 ~    |
| Rated Frequency(Hz)                         | 50           |
| Climate Classification                      | SN,N,ST      |
| Rated Current(A)                            | 0.6A         |
| Refrigerant                                 | R600a        |
| Amount(g)                                   | 50g          |
| Total Volume(L)                             | 88           |
| Food Freezer Storage Volume(L)              | 88           |
| Annual energy consumption AE (kWh/a)        | 164          |
| Energy consumption E16 (kWh/24h)            | 0.265        |
| Energy consumption E32 (kWh/24h)            | 0.543        |
| Freezing Capacity(kg/24h)                   | 4            |
| Temperature rise value(h)                   | 15           |
| Protective Classification Of Electric Shock | I            |
| Insulation Blowing Agent                    | Cyclopentane |
